## 2013/2014 - HARVEST UPDATE

### MOOSE HARVEST

The Algonquins of Ontario (AOO) as represented by the Algonquin Negotiation Representatives (ANRs) continue to work closely with the Ministry of Natural Resources (MNR) to implement this year's harvest plan. The moose numbers continue to remain stable and are increasing within certain Wildlife Management Units (WMUs), both inside and outside Algonquin Park, in part due to the efforts of our sustainable harvest.

In keeping with last year, the 2013/2014 Moose Harvest will involve a draw system for both inside and outside Algonquin Park and the harvesting requirements will remain the same.

### DEER HARVEST

We request that you continue to report all deer harvested, so that the ANRs will have a better handle on what to do for future harvests to ensure sustainability. Remember, we need to look out for future generations.

### ELK HARVEST

This year we will continue with our trial Adult Elk Harvest in the WMUs within the Bancroft area between September 1, 2013 and January 15, 2014. In 2012, the Algonquins of Ontario harvested 10 Elk, specifically 6 bulls and 4 cows. This was far below our target of 50 Elk. This year will remain the same where the AOO have allocated 50 tags to be shared among the ten communities. Application requirements for the Elk Harvest are the same as for the Moose Harvest.

Just as last year individuals in our community are eligible to apply for either Elk Tags or Moose Tags.

There is no Elk Calf Harvest and there are no Bow Tags for Elk.

### HARVEST REQUIREMENTS

#### **Moose Harvest inside Algonquin Park**

- A minimum of six names to an Adult Tag and one name to a Calf Tag. The calf target will be limited as in past years.

### **Moose Harvest outside Algonquin Park**

- A minimum of six names to an Adult Tag and one name to a Calf Tag. The calf targets will be limited, particularly in WMU's 48, 55A, 55B and 57, to continue to manage these herds sustainability.
- There will be a special Bow Harvest in some of the WMUs outside of Algonquin Park. This will require two names to an Adult Tag and one name to a Calf Tag.

# **Application Instructions for Moose and Elk Harvest**

1. This year again, individuals in our community are eligible to apply for either Elk Tags or Moose Tags.
2. WMU Option 1 is the applicant's first choice for an area to harvest Moose. WMU Option 2 is the applicant's second choice for an area to harvest Moose.
3. WMU Option 2 will only be used if no one applies for a certain WMU as their first choice. In past years, several of the WMUs Option 2 were filled, so it is important to include a second option. See the attached Algonquin Harvest Map A for Moose Harvest WMU selections.
4. For Elk Harvest there are no WMU selections (see the website for the map for Elk Harvest Areas).
5. All applicants must be 18 years of age or older to apply for any draw. Those who are successful this year will not be able to apply in next year's Adult Moose Tag draw. The current address and contact info is required for each person listed on the application.
