STARTING DATE	To be determined

SUMMARY

Reporting to the Academic Dean and working closely with the Associate Academic Deans, the principal and customary work of the Information Technician consists of carrying out various technical duties related to the gathering, selection, consolidation and communication of information. The Information Technician uses their technical expertise and knowledge to carry out the following duties in a role that demands autonomy and responsibility.

NATURE OF THE WORK

In accordance with the College's policies, the Information Technician gathers, examines and chooses information and data related to the operational needs of Academic Services. As well, the Information Technician analyses and consolidates documents, reviews, revises texts and ensures that these are presented in a technical format, appropriate to the needs of Academic Services.

DUTIES

The principal areas of responsibility of this position include, but are not limited to the following four categories:

- ❖ Under the direction of the Academic Dean, assists in the management of the administrative elements of Academic Services:
 - Initiate the processes pertinent to each academic dossier as identified in the extended academic calendar.
 - Establish, set up, update and maintain Academic Services folders.
 - Execute the review process for course descriptions.
 - Maintain and verify electronic copies of all course outlines and course plans.
 - Respond to requests for course outlines.
 - Establish, update, maintain and track all steps involved in program profiles to ensure process is completed.
 - Identify all requirements related to the material needs of Academic Services.
 - Responsible for identifying, collating, and maintaining the archival process of the Academic Services documentation.

- ❖ Assess, evaluate and qualify inquiries and requests:
 - Coordinate incoming and outgoing correspondence.
 - Screen incoming calls.
 - Verify requirements and ensure follow-through with regard to the generic Academic Services email account.
 - Respond to requests from faculty and others.
 - Determine nature of inquiries and refer appropriately.
 - Resolve concerns where possible.

- ❖ In addition to administrative work, mail, routine correspondence and dissemination of general information, the Information Technician will participate in the following tasks and duties:
 - Workload for Professors
 - Collect and verify data related to teacher workloads (teaching, coordination, leave, release time) as needed.
 - Produce computerized reports.
 - Communicate workloads to teachers.

Budget and Finances

- Collect, collate and communicate data regarding departmental budgets and capital budget requests to support annual budget processes.

Hospital Contracts

- Collect data regarding hospital placements.
- Maintain hospital contract listings.
- Calculate fees owed to hospitals and track payments.
- Update contracts as needed.
- Handle correspondence with hospitals.

Professional Development

- Manage registration and attendance records.
- Assist in coordinating the meeting and refreshment arrangements.

Pedagogical Counselors

- Assist Pedagogical Counselors as it relates to projects, events, documents, etc., related to pedagogical activities.

❖ Administrative support for Academic Services and Academic Senate:

- Prepare agendas, resolutions and supporting documentation for meetings conducted by the Academic Dean or Associate Academic Deans, such as: Academic Forum, Coordinators' Meetings, Academic Senate, Agenda Setting Committees and other Academic Senate committees as required.
- Record proceedings.
- Carry out appropriate follow up action.
- Manage related records.
- Advise and assist Academic Senate and Agenda Setting Committee members as required.
- Produce the Academic Senate Annual Report.
- Organize and assist with the planning and preparation for Academic Senate orientation sessions.
- Coordinate the word processing, photocopying, assembly and distribution of Academic Senate related documents and correspondence.
- Make travel arrangements.
- Organize meetings.
- Manage appointment schedules and calendars.
- Draft and translate correspondence and documents.
- Review documents, prepare summaries and provide comments.
- Establish, maintain and manage electronic and hard copy file system.
- Assist with liaison required for hospital contracts.

If need be, the Information Technician performs any other related tasks.
